StoneLedge™
RETAINING WALLS

Design beautiful outdoor spaces

Inspired by Natural Stone: StoneLedge™ is a multi-sized wall system designed to bring depth, texture and architectural character to outdoor spaces. Its refined proportions and natural stone appearance blend beautifully with surrounding landscapes, patios and garden features..

Endless Creative Possibilities: StoneLedge™ offers exceptional design flexibility for retaining walls, pillars, stairs, planters and outdoor living spaces. The multi-unit system allows for unique layouts, flowing curves and custom landscape features that feel both timeless and contemporary.

(152 h x 457 fw x 381 bw x 254 mm d)
weight: 58 lb (26 kg)

MEDIUM UNIT
6" h x 12" fw x 9" bw x 10" d
(152 h x 305 fw x 229 bw x 254 mm d)
weight: 38 lb (17 kg)

SMALL UNIT
6" h x 6" fw x 3" bw x 10" d
(152 h x 152 fw x 76 bw x 254 mm d)
weight: 20 lb (9 kg)

STANDARD UNIT
6" h x 18" fw x 15" bw x 12" d
(152 h x 457 fw x 381 bw x 305 mm d)
weight: 70 lb (32 kg)

STANDARD UNIT
3" h x 12" fw x 12" bw x 12" d
(76 h x 305 fw x 305 bw x 305 mm d)
weight: 20 lb (9 kg)

STANDARD UNIT
3" h x 12" fw x 9" bw x 12" d
(76 h x 305 fw x 229 bw x 305 mm d)
weight: 17 lb (8 kg)

Integrated splitting grooves allow units to be easily customized for corners and unique layout transitions.

Face Options

StoneLedge™
A crisp splitface finish delivers a sleek architectural appearance suited to contemporary outdoor spaces.

StoneLedge™ Tumbled
A softened quarried texture creates the authentic character and warmth of naturally aged stone.

Authentic Ashlar Appearance

StoneLedge™ Multi-sized, double-sided units can be arranged in varied horizontal and vertical patterns to create a natural ashlar appearance with depth, texture and visual movement.
